The TAQ taken by students of all batches is given to each teacher by the Principal after being collated, statistically analyzed and tabulated, clarifying, if need be, for quality enhancement in teaching methodology. Observations on general trends are also made. Principal also evaluates these with each teacher, motivating her/him to look at specific areas where growth is needed. Dr.S.S.M.Pratisthan's college of education believes in providing the student teachers a very supportive environment that enables every student to flourish to the maximum of her/his abilities. In order to accomplish this, student mentoring is taken up with a Staff counsellor at the institution. In the beginning of the year the mentor groups are made and regular meetings are arranged by posting it on the time table. In the mentor group meetings, the staff and student teachers meet and informally discuss the triumphs, trials and challenges of the student teachers. These meetings are held before the exams, study leave and generally once every week.

Difficulties faced by student teachers during various stages of the course like, for lesson planning at the beginning of practice teaching, during class tests, exams, essays, Action Research or difficulty in attending college due to personal problems are addressed in the meetings. This is further shared among the faculty and with the principal. The mentor meetings help student teachers to deal with the academic stress and difficulties at the same time address personal problems with their teachers on a one to one basis. The college has an active counselling cell in collaboration with Disha Child, Adolescent Adult Counselling Center that renders professional and expert service to student teachers and their families in case of academic and personal problems. These collaborations make sailing through a course easy for student teachers when they know they have a 'friend' in the institution to provide all the necessary emotional and moral support.
